- * Caron has created such a fun and welcoming space for little ones to go and express themselves, dance and just have fun! Her bubbly, kind and welcoming nature makes you feel comfortable from the moment you walk in the door and the fact that she knows every child's name that walks in, just goes to show the love and passion that she has for what she does and her little dancers. Caron is very personable, and with that, you can see that she really makes an effort to ensure that each and every child is having a great time! She has created the most perfect space for young kids to just have fun and to be themselves.
- * Lil Party Rockers is an engaging and exciting way for children to build their creativity, movement and confidence. It is a safe place for kids to learn dance in an inviting environment inclusive for all genders and developmental stage. Unlike regular dance studios, there is no pressure to wear a set uniform, be locked into a year of classes or participate in concerts (which can be expensive) allowing for the kids to express themselves freely and keeps the focus on fun.

As a mother of a very active young baby/toddler, I really appreciate Caron's way of teaching and how she puts no pressure on the parents to keep their children in their best behaviour.
